

Cyclodextrin Glucanotransferase (Crude Enzyme)

Cat. No. NATE-1812

Lot. No. (See product label)

Introduction

Description In enzymology, a cyclomalto-dextrin glucanotransferase is an enzyme that catalyzes the chemical reaction of cyclizing part of a 1,4-alpha-D-glucan molecule through the formation of a 1,4-alpha-D-glucosidic bond. This enzyme belongs to the family of glycosyltransferases, specifically the hexosyltransferases. This product with the indicated enzyme activity was briefly purified from engineered E. coli.

Applications industry; synthesis; nutrition; pharmacology

Synonyms Bacillus macerans amylase; cyclodextrin glucanotransferase; α -cyclodextrin glucanotransferase; α -cyclodextrin glycosyltransferase; β -cyclodextrin glucanotransferase; β -cyclodextrin glycosyltransferase; γ -cyclodextrin glycosyltransferase; cyclodextrin glycosyltransferase; cyclomalto-dextrin glucotransferase; cyclomalto-dextrin glycosyltransferase; konchizaimu; α -1,4-glucan 4-glycosyltransferase, cyclizing; BMA; CGTase; neutral-cyclodextrin glycosyltransferase; 1,4- α -D-glucan 4- α -D-(1,4- α -D-glucano)-transferase (cyclizing)

Product Information

Source E. coli

Appearance Clear to translucent yellow solution

EC Number EC 2.4.1.19

CAS No. 9030-09-5

Activity Undetermined

Reaction Cyclizes part of a (1 \rightarrow 4)- α -D-glucan chain by formation of a (1 \rightarrow 4)- α -D-glucosidic bond

Notes Since this product needs to be freshly prepared, it will take about 2 weeks after you confirm the order. Each time of the freeze-thawing may cause partial inactivation. Therefore, it should be dispensed as required and stored at -20 °C or lower. With the preservation of the extension of time, the enzyme activity will decline to a certain extent, so the product should be used as soon as possible. This product may have turbidity or precipitation in the production and preservation process, it can be mixed after melting and will not affect the normal use. This product is limited to scientific research use, shall not be used for clinical diagnosis or treatment, shall not be used for food or medicine, shall not be stored in ordinary residential. For your safety and health, please wear an experimental suit and wear disposable gloves.

Usage and Packaging

Package 100ml

Storage and Shipping Information

Storage at -20 °C or lower, for at least 1 month.
