

Octanoyl coenzyme A

Cat. No. COEC-020

Lot. No. (See product label)

Introduction

Description Octanoyl coenzyme A is a chemical that is the end chemical of beta oxidation in peroxisomes.

Applications A chemical that is the end chemical of beta oxidation in peroxisomes

Synonyms Caprylyl coenzyme A

Product Information

Form Solid

CAS No. 1264-52-4

Molecular Formula C₂₉H₅₀N₇O₁₇P₃S

Molecular Weight 893.7

Purity ≥95%

Refractive Index 1.50 (Predicted)

Density ~1.10 g/mL (Predicted)
