

## Tobacco Etch Virus Protease, Recombinant (His-Tag)

Cat. No. NATE-0922-1

Lot. No. (See product label)

### Introduction

**Description** TEV protease (EC 3.4.22.44, Tobacco Etch Virus nuclear-inclusion-a endopeptidase) is a highly sequence-specific cysteine protease from Tobacco Etch Virus (TEV).

### Product Information

**Form** Powder

**EC Number** EC 3.4.22.44

**Molecular Weight** 28 Kda

**Purity** >95%

**Activity** 250 U mg

### Storage and Shipping Information

**Storage** at -20°C
