

## FeN<sub>3</sub>P Single Atom Nanozymes

Cat. No. NE009

Lot. No. (See product label)

### Product Information

**Size** 10 ml

**Parameter** 1 mg/ml

**Terence of Dimension** 0.01

**Shape** Layer

**Mimic Activity** Horseradish peroxidase

**Description** Single-atom nanozymes can mimic the metal active center of natural enzymes at the atomic level due to their configurable geometry and electron coordination, which is one of the potential candidates to replace natural enzymes and also opens up a new way to develop artificial enzymes with the catalytic performance of natural enzymes.

**Application** Biosensing detection and biomedical therapy.

**Purity** 95%+

**Storage Condition** Store at 2-8°C in the dark.

**Shelf Life** 12 months

**Usage** For Research use only.
