

## pH-Responsive Graphite Nanozymes

Cat. No. NE035

Lot. No. (See product label)

### Product Information

<b>Size</b>	10 ml
<b>Parameter</b>	1 mg/ml
<b>Terence of Dimension</b>	0.01
<b>Shape</b>	Round
<b>Mimic Activity</b>	Oxidase
<b>Description</b>	The pH-responsive graphite nanozymes corrosion resistant to extreme environment, they still have very good oxidase activity.
<b>Application</b>	Biological detection.
<b>Purity</b>	95%+
<b>Storage Condition</b>	Store at 2-8°C in the dark.
<b>Shelf Life</b>	12 months
<b>Usage</b>	For Research use only.
