

# **Aquaculture Gut Protector**

Cat. No. BPEL-012

Lot. No. (See product label)

### Introduction

## Description

This product is developed using a patented formula specifically designed to maintain gut health in marine and freshwater aquaculture species. It effectively reduces harmful bacteria, thereby minimizing the damage these bacteria cause to the intestinal mucosa. Product Functions: Prevents bacterial-induced enteritis and symptoms of poor nutrient absorption. Reduces antibiotic use, stimulates appetite, inhibits harmful bacteria, and promotes growth. Enhances feed utilization and improves animal production performance. Improves the microbial flora and environment of the digestive tract. Main Ingredients: Bacteriophages, Dandelion Extract, Licorice Extract

### **Product Information**

Appearance Powder

## Storage and Shipping Information

**Storage** Store in a cool, dry place. Shelf life: 12 months.
