

Citrus reticulata Fruit Extract

Cat. No. EXCF-019

Lot. No. (See product label)

Introduction

Description Product composition: Water, Butylene Glycol, Citrus reticulata Fruit Extract A natural plant ingredient for targeted relief of skin discomfort (tingling, itching, burning, etc.), extracted using patented bioactive tracking technology, containing a variety of active flavonoids and alkaloids. It can effectively inhibit the activation of TRPV1, which in turn reduces the inward flow of calcium ions and so on, relieving the discomfort of sensitive skin due to stimulation and giving the skin natural care.

Applications Used in soothing products for sensitive skin.

Synonyms Citrus reticulata Fruit Extract; Citrus reticulata

Product Information

Appearance Yellow to Brown Liquid

Form Liquid

Purity Total ketone content (UV): $\geq 0.6\%$ Total alkaloid content (UV): $\geq 0.6\%$

Optimum pH 3.4-5.5

Function Inhibits the activation of TRPV1 and reduces the inward flow of calcium ions. Relieves sensitive skin from tingling and burning sensations due to irritation.

Usage and Packaging

Package 10kg or 25kg/drum

Storage and Shipping Information

Storage 24 months with original packing under 18°C. Store in cool dry place, avoid sunlight and high temperature.
