

Irbesartan (Avapro)

Cat. No. CEI-0344

Lot. No. (See product label)

Introduction

Description Irbesartan (Avapro, SR-47436, BMS-186295) is a highly potent and specific angiotensin II type 1 (AT1) receptor antagonist with IC50 of 1.3 nM.

Synonyms BMS-186295, SR-47436

Product Information

CAS No. 138402-11-6

Molecular Formula C₂₅H₂₈N₆O

Molecular Weight 428.53

Purity >99%

Targets AT1 receptor

Solubility DMSO 1 mg/mL, Water

Storage and Shipping Information

Storage 2 years at -20 centigrade
