

Linezolid

Cat. No. CEI-1170

Lot. No. (See product label)

Introduction

Description Linezolid displays potent antibacterial activity against a variety of multidrug-resistant gram-positive microbes in vitro and in vivo.

Product Information

CAS No. 165800-03-3

Molecular Formula C₁₆H₂₀FN₃O₄

Chemical Name (S)-N-((3-(3-fluoro-4-morpholinophenyl)-2-oxooxazolidin-5-yl)methyl)acetamide

Molecular Weight 337.35

Purity > 95%

Targets Oxazolidinone antibiotic

Storage and Shipping Information

Storage 4 centigrade
