

## VCH-916

Cat. No. CEI-1569

Lot. No. (See product label)

### Introduction

**Synonyms** VCH916; VCH 916

### Product Information

**CAS No.** 1200133-34-1

**Molecular Formula** C<sub>26</sub>H<sub>36</sub>KNO<sub>4</sub>S

**Chemical Name** potassium; 5-(cyclohexen-1-yl)-3-[(4-methoxycyclohexyl)-(4-methylcyclohexanecarbonyl)amino]thiophene-2-carboxylate

**Molecular Weight** 497.73

**Targets** HCV NS5B polymerase

**Solubility** DMSO

### Storage and Shipping Information

**Storage** Store at -20°C

**Shipping Conditions** Evaluation sample solution: ship with blue ice. All other available size: ship with RT, or blue ice upon request
