

## Native Snake Venom Carinactivase

Cat. No. NATE-1605

Lot. No. (See product label)

### Introduction

**Synonyms** CA-1; Prothrombin activator

### Product Information

**Source** Snake Venom

**Form** Liquid, Solution in 50% glycerol (w/v)

**Molecular Weight** 55000

**Purity** > 90% (SDS-PAGE)

**Concentration** > 10 mg/mL

### Storage and Shipping Information

**Storage** at -20°C Note: Do not freeze.

**Stability** 1 year
