

MMP Substrate III, Fluorogenic

Cat. No. CSUB-0497

Lot. No. (See product label)

Introduction

Synonyms DABCYL-GABA-PQGL-E(EDANS)-AK-NH₂, TNO211

Product Information

Form Red lyophilized solid

Formulation Supplied as a trifluoroacetate salt.

CAS No. 193475-71-7

Purity >97% by HPLC

Toxicity Standard Handling

Substrates Protease

Excitation max. ~340 nm

Emission max. ~485 nm

Primary target Detection of MMP activity

Storage and Shipping Information

Storage -20C

Shipping Conditions ambient
