

## Chymotrypsin Substrate II, Fluorogenic

Cat. No. CSUB-0503

Lot. No. (See product label)

### Introduction

**Synonyms** Suc-AAPF-AMC

### Product Information

**Form** White lyophilized solid

**CAS No.** 88467-45-2

**Purity** >98% by HPLC

**Toxicity** Standard Handling

**Substrates** Protease

**Excitation max.** ~380 nm

**Emission max.** ~460 nm

**Primary target** Chymotrypsin

### Storage and Shipping Information

**Storage** -20C

**Shipping Conditions** ambient
