

## Caspase-9 Substrate I, Fluorogenic

Cat. No. CSUB-0509

Lot. No. (See product label)

### Introduction

**Synonyms** Ac-LEHD-AFC

### Product Information

**Form** White solid

**Formulation** Supplied as a trifluoroacetate salt.

**CAS No.** 210345-03-2

**Purity** >95% by HPLC

**Toxicity** Standard Handling

**Substrates** Protease

**Excitation max.** ~400 nm

**Emission max.** ~505 nm

**Primary target** A fluorogenic substrate for caspase-9

### Storage and Shipping Information

**Storage** -20C

**Shipping Conditions** ambient
