

DSPE-PEG(5000) Folate

Cat. No. PCNZ-012

Lot. No. (See product label)

Product Information

CAS No. 1236288-25-7

Chemical Name 1,2-distearoyl-sn-glycero-3-phosphoethanolamine-N-[folate(polyethylene glycol)-5000] (ammonium salt)

Molecular Weight 6226.473 (average MW due to polydispersity of PEG)

Purity The product will be 80-85% gamma conjugated and contain 15-20% of the other positional isomer.

Storage and Shipping Information

Storage -20°C

Stability 1 Year
